Presenter Biography

Jimmy Young

National Catastrophe Manager

Autoclub of Southern California

Jimmy began his career at State Farm Insurance in Corpus Christi, Texas as a property field adjuster and was promoted to SIU as a field investigator. He then took a position at USAA in San Antonio, Texas as a large loss examiner before becoming a large loss manager. Jimmy was transferred to San Diego, CA and was responsible for all property claims in San Diego and Riverside Counties.

In 2003 Jimmy took a unit manager position for Autoclub of Southern California in Costa Mesa, CA responsible for all property claims in California south of Santa Barbara, CA. In 2006, Jimmy transferred back to Texas to head up the AAA-Texas property claims decision. In 2010 Jimmy built the first Cat team for the Autoclub in the Dallas, TX and since that time the cat department has tripled in size and covers a 22 state area of responsibility.

Though out his career has worked on or managed every major cat event with all different perils from; wildfire, earthquake, hurricane, freeze, hail and tornado just to name a few.
