

Jason Allen's insurance career began with The Auto Club Group (AAA/ACG) in 2003. His tenure with the organization has afforded him opportunities to acquire vast insurance expertise and experience. His work has included various positions from first notice of loss, auto and property claims adjusting and claims leadership. Jason's industry persistence and service excellence has also yielded various opportunities to lead at ACG. In his current role as Regional Claims Manager, he leads the operational oversight of catastrophe claims in 11 states spanning from the Midwest to the southern coast. He is charged with management of the Home and Auto Catastrophe program which includes; scaling of staff, initial responses to large weather related events (water, wind, hail & hurricane), agent relationships, training, customer service initiatives and ensure service level agreements are achieved.

Jason is a life-long learner; he enjoys studying various insurance ideas, presenting on various insurance topics, increasing diversity in the insurance industry and representing ACG to ensure fair resolution of all claims. In his spare time Jason enjoys investing, coaching basketball with NBA Jr., playing basketball recreationally, participating with social and civic organizations (BBBS) and most importantly spending time with his family.

Jason has a Bachelor of Science in Business Administration from Wayne State University, Master of Business Administration from Lawrence Technology University, he is a member of National African American Insurance Association – Detroit Leader, ACG Employee Resource Group Leader – Diverse Abilities ERG, graduate of Leadership Detroit 41 (BCE) and a member of Omega Psi Phi Fraternity Inc.
