

MATTHEW MONSON BIO

“How MMA Went Away”

Matthew Monson is the Founder of The Monson Law Firm. With offices in Florida, Texas and Louisiana, The Monson Law Firm handles all areas of insurance defense with a particular emphasis on defending first-party claims. In 2017, Matthew wrote and obtained approval in Louisiana the first policy language allowing a carrier to reject an Assignment of Benefits. Matthew recently discovered and brought down the largest ever insurance fraud in terms of numbers of policyholders affected – yes, bigger than Scot Strems – in Louisiana. Matthew’s uncovering of the actions of McClenny, Moseley & Associates (“MMA”) and Apex Roofing and Restoration resulted in the lead MMA lawyer in Louisiana being disbarred, the entire firm being banned from practice in Louisiana and \$2,000,000 in fines issued by the Louisiana Department of Insurance. The scheme also revealed illegal lead generation practices by Velawcity and \$30,000,000 in Hedge Fund financing. Currently, Matthew is working with the investigation into these entities by both the FBI and Louisiana State Police.
