

Justin Whedbee, AIC, CCP
MAS Solutions, Executive General Adjuster

Justin Whedbee is a second-generation insurance adjuster. His company, MAS Solutions, has operations in multiple states across the continental U.S. and Hawaii and has been adjusting professionally since 1996. In that time he has managed claims during multiple catastrophic events including Tropical Storm Frances (1998), Tropical Storm Allison (2001), Hurricane Claudette (2004), Hurricanes Katrina, Rita, and Wilma (2005), Hurricane Ike (2008), and Hurricane Irene (2011). He has experience on a variety of multi-million-dollar personal and commercial property losses and has authored a claim handling guide for insurance carriers' field adjusters. With dual designations as a WIND-certified Appraiser and a WIND-certified Umpire, Justin offers full-field adjusting in all lines of auto, property and liability, both commercial and personal. He also offers full TPA services for carrier specialty programs, including transportation and logistics, construction defect, and CAT services.
