

JONATHAN H. WILLIAMS, PE

Structural Engineer

Jon Williams is one of GWE's two executive partners and serves as a structural engineer, primarily conducting structural inspections and remediation design associated with residential and commercial insurance claims throughout Florida.

Jon obtained a Bachelor of Science degree in civil engineering from the University of South Florida in 2006. Jon holds active licensure in Florida as a Professional Engineer, as well as International Code Council certification as a Residential Building Inspector. Jon also holds a Department of Financial Services accreditation as a neutral evaluator, FEMA certification for preliminary damage assessment, and several additional certifications in the identification and mitigation of asbestos.
